AND SOFTWARE CRAFTSMANSHIP
CONFERENCE**

ABOUT SWANSEACON

SwanseaCon is a 1-day, multi-track conference for Software Developers, Software Testers, Software Architects, Project Managers, Analysts and Consultants in Wales. In its third year, SwanseaCon will continue to explore the latest agile and lean thinking in software craftsmanship, teams and business, over two days of engaging keynote speakers, demonstrations and workshops from leaders in their profession, in Wales and beyond.

It takes its name from the city in which it is held, Swansea. Wales' second largest city, it nestles neatly into Swansea Bay with its sweeping sandy shoreline, and is a stone's throw away from the spectacular coastlines of West Wales. The conference hopes to attract people from all parts of the globe to explore, evolve and find out what it means to be truly agile in business, from its culture to product development practices.

"Heading home after yet another amazing #swanseacon. Proud to be a tiny part of the 3 editions so far. Great talks and super community! :-)"

- Marcello Duarte (Speaker)

"Was an absolute pleasure to attend #SwanseaCon this year."

- David Sims (Delegate)

"#swanseacon has the best audience and speakers. If you did not attend this year you really missed a great conference!"

- David Stokes (Speaker)

OUR VENUE

SwanseaCon 2019 will be held at the Village Hotel, Swansea.

The Village Hotel is the premier venue for conference and events in South West Wales, and is also just a short walk from the city centre and the ideal location for exploring – perhaps following in the footsteps of the city's most famous son, the poet Dylan Thomas.

The conference will have multiple speaker rooms leading off a central vestibule area which will contain prime exhibition space for our gold and platinum sponsors.

EXHIBITOR SPACE

Several levels of sponsorship include an exhibitor stand space.

These spaces will be close to conference registration and refreshment areas to allow participants easy access to sponsor stands.

We will provide a cloth covered table and power extension for each exhibitor space.
